PROFILE

Arora Packers is a part of the **Sangeeta Group**, a trusted name in the plastics manufacturing industry with over five decades of experience.

We are a leading manufacturer and distributor of high-quality industrial packaging products, specializing in Stretch Film, Poly Bags (including, under our established Winner brand), and 6IN1 Sutli. Backed by advanced manufacturing capabilities and decades of expertise, we deliver packaging solutions known for their strength, consistency, and performance.

Our state-of-the-art manufacturing facility at Daman is equipped with modern machinery and stringent quality control systems, enabling us to manufacture reliable packaging products that meet the highest industry standards while remaining competitively priced.

Our products cater to a diverse range of industries, providing packaging solutions for manufacturing, logistics, warehousing, retail, e-commerce, and commercial applications.

With a growing distribution network and an unwavering commitment to quality, Arora Packers continues to deliver dependable packaging solutions that businesses can trust.

GROUP

Sangeeta Group of Companies, is an association of companies, active in the plastic packaging industry, since the last fifty years. It was founded by the visionary, Mr. Harpal Singh Arora, in the year 1972, who has carried a vast experience in the plastic processing field.

Sangeeta Group is a consolidation of 3 manufacturing sites in Daman, and is one of the largest supplier of quality plastic packaging products in India. The product portfolio of the Group consists of Polypropylene sheets & films, PP Twines (Plastic Sutli), Multi-colour photo print shopping bags, HM/HDPE pick-up/carry bags, PP Flute Boards, PP garment bags, and much more.

PRODUCTS

Our Product Portfolio consists of three main items:

- Sutli
- Poly Bags
- Stretch Film

We also supply custom HDPE / LDPE liner bags on customer demand.

SUTLI - 6IN1

Premium polypropylene Sutli engineered for superior strength, durability, and dependable everyday performance.

Key Features:

- Trusted by businesses since the 1970s
- High tensile strength for secure tying and bundling
- Ideal for industrial, commercial, and agricultural applications
- Available in white and six vibrant colours
- Plain and embossed variants available
- Custom lengths and sizes available

POLY BAGS

Heavy-duty virgin HDPE poly bags designed for reliable, compliant, and versatile packaging.

Key Features:

- Manufactured from 100% pure virgin HDPE
- Strong, durable, and tear-resistant
- Complies with the Government of India's 51-micron minimum thickness requirement
- Suitable for industrial, commercial, and retail applications
- Custom length and width options available
- Available in clear, milky, and coloured finishes
- Consistent quality and dependable performance

STRETCH FILM

Our premium Stretch Film is manufactured using high-quality LLDPE to provide exceptional load stability, superior cling, and outstanding puncture resistance.

Suitable for industrial, commercial, and export packaging, our films are available in a wide range of sizes and can be customized to meet customer requirements.

Baby Roll Stretch Film

Compact and easy to use, our Baby Roll Stretch Film is ideal for bundling, securing, and protecting smaller products while ensuring excellent cling and flexibility.

Manual Stretch Film

Designed for manual pallet wrapping, offering excellent cling, load stability, and protection during storage and transportation.

Industrial / Machine Grade Stretch Film

Designed for automatic and semi-automatic wrapping machines, offering exceptional strength, durability, and reliable load containment for industrial applications.
